If an event fails to meet the above minimum viability criteria, it will be not considered viable and will be cancelled or will be transformed on MQS events.

1.5 International Classification

International Classification will be conducted on 23-24 (Rifle/Pistol) and 25 (Para Trap) September 2018. A detailed classification schedule will follow after the revision of the final entries by World Shooting Para Sport. After the competition is finished, results will be reviewed and published on the World Shooting Para Sport website and the Ranking and Records lists will be updated accordingly.

For further information see the [World Shooting Para Sport Rules and Regulations](#).

2 Registration Process

2.1 Athlete Eligibility

All entered athletes in the Châteauroux 2018 World Shooting Para Sport World Cup must be licensed by the final entries deadline. Athletes' entries not meeting this criteria will be rejected by World Shooting Para Sport.

2.2 Authorised Organisation for Entry Registration

All athletes must be entered by their respective NPCs or organisations authorised by the NPC and accepted by World Shooting Para Sport.

2.3 Entry restrictions

2.3.1 Maximum number of athlete entries per NPC per event

The maximum entry per NPC is four (4) 'full' participants per event (athletes eligible to progress to the final, and to obtain records and ranking).

NPCs may additionally enter an unlimited number of 'MQS-only' athletes (athletes are eligible to obtain qualification scores to be recognised for MQS, but cannot progress to the event final or obtain records or rankings). However, in case of insufficient firing points this number may be restricted by World Shooting Para Sport, in a timely manner.

When entering more than 4 athletes to an event via the Online Entry System, the NPC should contact World Shooting Para Sport after making the online entries, confirming which athletes are to be entered as 'full' entry and which as 'MQS-only'.

2.3.2 Maximum number of starts per event

The maximum number of starts per event is the number of athlete entries that can be accepted per event; this calculation is based upon range capacity and the competition schedule.

If the maximum number of starts is reached during the Final Entry Process:

(1) the number of 'MQS-only' entries may be limited to allow space for entry of 'full' participants;

(2) a 'waiting list' may be established, and in case of subsequent entry cancellations, entries from the waiting list will be accepted on a first-come-first-served basis.
